He's written approximately thirty between publications, posters and scientific published works.</p>																																								
Skills and personal expertise	<p>Over the years, he has acquired skills and expertise in virtually all areas of Pulmonary Medicine.</p> <ul style="list-style-type: none"> • In the early 80s, he started being mainly interested in Respiratory Physiopathology and Phthisiology. • During the Venetian period at Fatebenefratelli Hospital, he attended to Respiratory Rehabilitation. • During his time in Rovigo Province he was hardly involved in the care of ventilated patients. • During the period passed at Treviso Hospital, he further expanded its professional experience devoting himself to Respiratory Endoscopy and to Pulmonary Oncology and Infectivology. For two years, he was at the head of the Diagnostic Pulmonary Day Hospital. He helped to create and then directed the Anti-Tuberculosis Functional Dispensary; helped to form the Interdisciplinary ALS Group; took part in the Interdisciplinary Group for Pulmonary Hypertension; was involved in therapy for allergy to Hymenoptera venom. He was interested in quality in health care, and contributed to the work of the Treviso medical team for the accreditation of excellence in the CCHS. Besides, from 2005 to 2010 he directed the service for the home care of patients with severe chronic respiratory failure in long-term oxygen therapy and/or ventilotherapy ("Home Respiratory Care"). • In the directional experience at Dolo Hospital, he tried to capitalize on his past experiences and he helped his colleagues to express the most of their potential. • With respect to current areas of activity in Porto Viro, he has increased his skills on Respiratory Sleep Disorders
